KLove has not only helped our community but people all around the world to accept Jesus Christ. The listeners love the station so much that we ourselves support it. The other stations are supported by commerials and sponsors. Peoples lives have been literally saved from homelessness, drugs and poverty, all kinds of situations. We need that station for the good of the US it helps people through the love of God and helps them change their lives. IF you are a Christian it is also awesome to be able to turn it on and hear music that you enjoy and that lifts your spirit. Please allow KLOVE to stay on the air. Thank you so much!!! Kristie Mullins
